WELCOME TO SANDON MANOR

Sandon Manor is an enchanting escape nestled amidst the rolling countryside of rural Hertfordshire. Welcome to our cherished family estate!

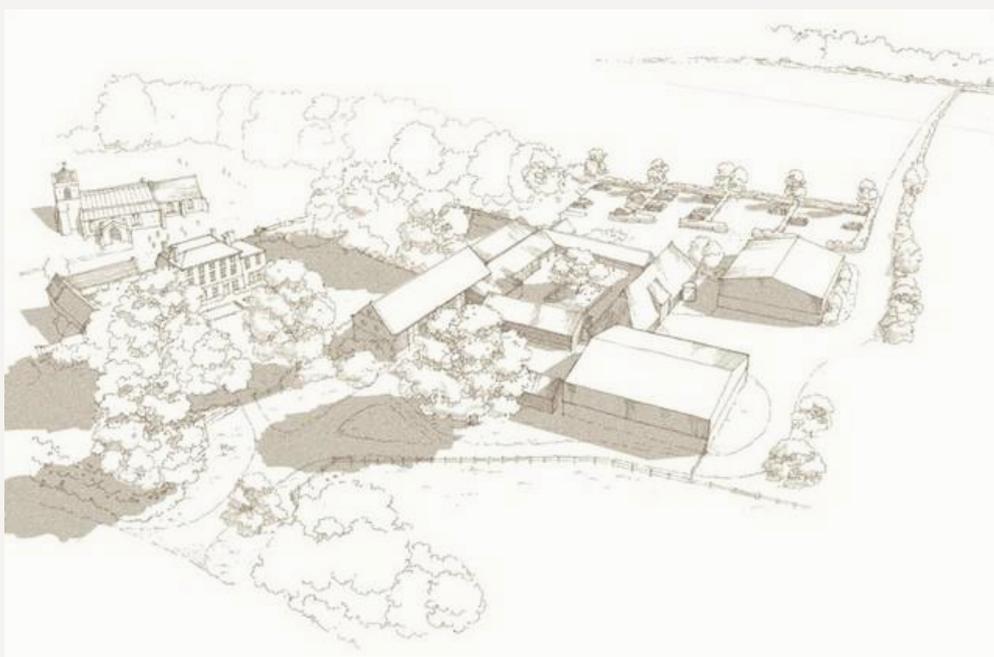

Our group accommodation all sit together onsite and at the heart of our grounds is the recently restored Queen Anne Manor House, a home steeped in history and full of character. The family team have entertained and partied in Sandon Manor House for generations. The Dovecote is a beautifully converted standalone building that once housed the estate's doves. Staying true to its heritage, it still features a wall of original dove cotes, adding to its unique charm. The Grain Barn (house & apartments) is a newly renovated Grain Barn, a modern aesthetic with breathtaking views over our rewilded nature reserves.

Our recently converted stylish venue comprises multiple historic buildings around a central courtyard. The Medieval Barn forms the centrepiece of the venue, this has been lovingly restored keeping true to its original features which were mentioned in the Domesday Book. We love the copper topped bar and club room housed within the Medieval Hall where we and guests can dine, celebrate & party in style.

Our estate spans 1,200 acres, which we have lovingly restored to rewilded countryside, creating a peaceful and untouched haven that we are delighted to share with you.

Sandon Manor Estate is located in the picturesque village of Sandon. We offer a peaceful retreat surrounded by rolling fields and unspoilt landscapes. Enjoy scenic walks and curated residents experiences around our private estate, relaxing and celebrating with friends and family, enjoying the wildlife and taking in the changing seasons. Just a short drive away, you'll find charming market towns, local farm shops, and cosy country pubs, perfect for discovering the best of the area.

We're also ideally located close to the historic city of Cambridge, known for its stunning architecture and vibrant cultural scene. London is just half an hour away.

Enjoy your stay
